I have performed procedures to determine whether the Board of Directors and the Managing Director of Betsson AB (publ) have, for the year 2021, complied with the guidelines for remuneration to senior executives adopted by the annual general meetings of shareholders held on 11 June 2020.

Responsibilities of the Board of Directors and the Managing Director

Auditor's responsibility

My responsibility is to express an opinion, based on my procedures, to the annual general meeting of shareholders regarding as to whether the guidelines for remuneration to senior executives have been complied with. I conducted my procedures in accordance with FAR's recommendation, RevR 8 *Examination of remuneration to senior executives of some listed companies*. This recommendation requires that I comply with ethical requirements and have planned and performed the procedures to obtain reasonable assurance that the guidelines adopted by the annual general meeting of shareholders have, in all material aspects, been complied with. The firm applies ISQC 1 (International Standard on Quality Control) and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

I am independent of the Betsson AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled my ethical responsibilities in accordance with these requirements.

The procedures have involved the company's organisation for and documentation of matters pertaining to remuneration to senior executives, recent resolutions regarding remuneration and a selection of payments made to senior executives during the financial year. The procedures selected depend on the auditor's judgment, including the assessment of the risk that the guidelines have not, in all material aspects, been complied with. In making this risk assessment, the auditor considers the aspects of internal control relevant to compliance with the guidelines, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control

I believe that the procedures performed provide a reasonable basis for my opinion below.
